

Pegwell & District Association

Working together protecting Pegwell for future generations to enjoy

The aim of the Pegwell & District Association is to preserve the natural environment and to protect Ramsgate's Western Undercliff and Pegwell Bay from further development. Walk this shore and you are treading in the footsteps of the Romans, the Saxons and the Vikings. Saint Augustine landed nearby as did Hengist and Horsa. It is one of the last open spaces in Thanet where you can walk in peace and commune with nature. Some would have us believe that concrete, tarmac and buildings are preferable to cliffs, sand and shore. If you would like to try and help save the freedom and beauty of Pegwell Bay, please consider joining the Pegwell & District Association now. Subscriptions are only £7 per annum (£10 per couple) and are urgently needed to build up a fighting fund to protect our heritage.
